\$3.50 PER YEAR

Just a Little of This & That By W. E. W.

WE'RE COMING—
This column endeavors to deal
oy, but here's a little grief,
tax collector is going to mail
a postal card in a few days
g you just how much your
s will be.

years past those cards have
ys appeared just before the
rs were to consider a bond
and the bond issue usually
The only reason they won't
a bond issue this year is be-
we "hain't got none" and
most of us are glad of it.

ow you can laugh all that

LL AT IT—
For the first time over a
od of many years physicians
having a chance at members
he News force—the result thus
has been excellent. Evi-
ly members of this organi-
on have been following the ad-
of the apple grower, "an
e a day keeps the doctor
y."

rst came D. C. Morrison, who
erwent a major operation re-
ly at San Antonio Hospital
today is able to be about.
ng Mr. Morrison's experience
H. Herman, who writes "The
bler" decided he would try it
so he is now recovering from
major operation at San Antonio
pital.

he question now is "Who's
?" for it's three times and out.

ERE ARE OTHERS—
Since Marion Mack, film
ess, and her pilot, Alfred
ick, plunged into Death Valley
after five days of torture
er from the heat of the
rt sun, wild cats, coyotes and
d, have been able to return
out any visible result from
s suffering. Almee McPherson
as from the limelight as the
person who hopped off and
e up smiling out of the desert.
s really annoying that these
tension folks must brother
ybody else, everytime they
at a little diversion.

WINS BORN AT LOCAL HOSPITAL

or the third time in the his-
y of the San Antonio Com-
munity Hospital, that wise old bird
Stork, has brought twin babies
re. Mr. and Mrs. S. G. Wheeler
Claremont are the happy par-
s and the twins, a boy and girl,
e born on Wednesday morn-
g. The wee boy, who was born
8:20 o'clock, weighed six and
half pounds, and his little
er, who was born twenty min-
s later weighed five pounds.
report from the hospital this
ing is to the effect that Mrs.
eeler and the babies are doing
aly.

Mr. and Mrs. H. C. Hollock of
ario are the proud parents of
oy baby who was born at the
pital yesterday.

AZOLA BROTHERS ARE DISMISSED

Thomas and Jesus Azola, broth-
r, who appeared in Judge Crane's
rt this morning for a pre-
inary hearing on a charge of
ing murdered Antonio Esparza,
ase mangled body was found
ide the Southern Pacific tracks
Guasti last week, were dis-
sed for lack of sufficient evi-
ence.

Deputy Sheriff J. A. Larson, who
ore to the complaint against
the brothers, admitted that
the evidence was flimsy, but
he believed it sufficient to
d the brothers. He expected
produce witnesses to show that
the brothers had a quarrel with
Esparza on the night of his death
that they were seen coming
m the scene where the body
was found the following morning.
t this morning when the wit-
nes were put on the stand,
Mr. testimony was so vague that
was found insufficient to hold
the brothers and the case was
dismissed.

ANNUAL MEETING UPLAND CITRUS 9:30 SATURDAY

DINNER AT WOMAN'S CLUB HOUSE AT NOON SERVED BY MEMBERS OF CLUB

H. B. Harlow, Manager of O.
K. Exchange, and E. T. Cas-
sell, of Orange Products
Plant of Ontario, To Be the
Principal Speakers — Man-
Neilson To Give Report

Annual meeting of the Upland
Citrus Association, largest orange
packing association in this sec-
tion, is to be held at the packing
house tomorrow commencing at
9:30 A. M.

Principal business before the
meeting is the annual report of
Manager Neilson and the election
of a board of directors to serve
during the coming year.

Speakers on the program for
the annual meeting will be E. T.
Cassell, of the Orange Products
Plant of Ontario and H. B. Har-
low, manager of the O. K. Ex-
change.

At noon a dinner is to be served
members of the organization at
the Woman's Club house, members
of the club serving the dinner.

AMERICAN ASSOCIATION OF UNIVERSITY WOMEN

Among those who are new in
the community, there will be
those who may wish to join the
Pomona Valley Branch of the
American Association of University
Women. The local organization
welcomes to its membership any
woman who has attended an
American or foreign college or
university for a year or more. Full
membership in the National orga-
nization requires that a woman be
a graduate of a college or univer-
sity recognized by the national or-
ganization as fulfilling its require-
ments in regard to satisfactory
conditions for women students in
physical education, medical super-
vision, housing and social life.

As well as contributing its
share of annual dues toward the
scholarships and fellowships for
women granted by the national
organization, the Pomona Valley
Branch, since its organization, has
had luncheon followed by pro-
grams five Saturdays during the
school year. These gatherings are
held in the various towns through-
out the valley. Transportation is
furnished for those not having
cars of their own.

The first meeting of the year
will be held in the Upland Wom-
an's Club house October 8th. The
afternoon speaker will be Mrs.
Doremus Schudder, who with her
husband and daughter, have re-
cently returned to Claremont from
a two year's trip around the world.
Mrs. Schudder announces as the
subject of her talk "As like as two
peas in a Pod."

Upland, Ontario and Cucamonga
women wishing to be members
may send their names to the
secretary, Mrs. A. H. Powell, 636
Princeton street, Ontario, or tele-
phone Mrs. H. W. Hawkinson,
209-M Upland.

The annual dues are three dol-
lars.

TOM MIX AND FRED THOM- SON ARE CLOSE RIVALS

Tom Mix and his horse Tony
have long been favorites with
theatregoers who enjoy Western
stories with action, cowboys and
fast riding. Another inseparable
pair are Fred Thomson and his
horse, Silver King, who are also
favorites with lovers of Western
drama.

Both of these famous cowboy-
and-horse teams are going to be
seen at the Granada soon and
thus it will be possible to fairly
determine which is the most
popular with Ontario theatregoers,
by comparing the attendance re-
cords of the two programs.

Fred Thomson and Silver King
will be here Saturday, Oct. 1st,
in "Arizona Nights," a story of
the mysterious desert country
written by Stewart Edward White
and Tom Mix and Tony will be
at the Granada one week later,
Saturday, October 8th, in the first
of a series of new Tom Mix
Super-Productions, "Tombling Riv-
er."

ORANGE SHOW ANNUAL DINNER DATE IS NAMED

Duck Feast For Citrus Grow-
ers To Be Held On November
17—High School Students To
Enter Poster Contest

Active work on the Eighteenth
National Orange Show will be
started within three weeks, F. E.
Peachey, president of the show,
announced today.

The invitations for the annual
duck dinner that starts the Or-
ange Show campaign, will be sent
out shortly, Mr. Peachey said.
The dinner will be held on Nov.
17, and probably will be at the Or-
ange Show cafeteria, he added.

Approximately 300 guests will be
asked to attend and they will in-
clude prominent men from all over
the state, but particularly from
the citrus districts.

The annual custom of having a
student in a California high school
design the poster to be used for
the show will be continued this
year, Mr. Peachey stated. Letters
announcing the opening of the con-
test are being prepared and will
be sent to the art departments of
the various schools soon.

Prizes will be \$25, \$15, \$10 and
three \$5 awards. The rules of
the contest will be the same as
last year. The posters must be
24 by 36 inches. No lettering is al-
lowed except the words "Eighteen-
th National Orange Show, Cali-
fornia's greatest mid-winter event,
February 16 to 26, 1928."

COLLEGE WILL ENTER TEAMS

Football, Tennis, Track Will
Have Entries By Chaffey
Men This Year

Chaffey Junior College will
participate in more conference
athletics this year, E. W. Fisher,
vice-principal, announced
following the meeting of Jun-
ior College representatives at
Fullerton recently.

Last year Chaffey competed
with the other schools of the
Southern California Confer-
ence in basketball, baseball,
tennis and track. This year
Chaffey will enter a football
team, tennis and track, eliminat-
ing baseball and basketball,
due to the complexity of the
schedule.

At the meeting, the eleven
junior colleges in the southern
district were divided into two
sections, those in the Coast
League being Pasadena, Fullerton,
Long Beach and Santa Ana,
Compton and possibly Glen-
dale. In the Valley League are
Chaffey, Riverside, San
Bernardino, Citrus Union and
Pomona.

The season will be but five
weeks in length, at the end of
which the two highest standing
junior colleges of each section
will have two weeks to com-
pete for the championship of
the southern part of the state.

VERBURG CASE IS DISMISSED

Pete Verburg, Hollander, ac-
cused of embezzling valuable cat-
tle from a ranch in Chino in July
1925, today stands free of the
charge following a hearing before
Justice W. P. Donnelly of Etiwan-
da in the Cucamonga court yester-
day afternoon. The case was dis-
missed because of insufficient evi-
dence.

The original complaint accused
the defendant of a plot to get
away with dairy cows valued at
\$10,500. Verburg was arrested in
Compton, where he was conduct-
ing a dairy, by Constable Larson,
after a search of several years.

The theft was alleged to have
been made by Verburg and John
Buys, another Hollander, from the
Chin oValley Land and Cattle com-
pany, who leased a heard of thor-
oughbred Holsteins to the two men
for the purpose of conducting a
dairy business near Chino. It was
further alleged that a number of
scrub cows were put into the pas-
ture to "cover up" the loss of sev-
eral head of the valuable cattle.

WINFIELD SCOTT LIONS' SPEAKER

Winfield Scott, members of the
Re-Forestation of America, was
the speaker of the day before the
Lions Club at The Sycamores at
noon yesterday. Mr. Scott deal-
ing with the conservation of our
forests.

There are only three valuable
trees in the state of California,
Redwood, White Pine and Sugar
Pine. Seventy-five per cent of all
of the soft woods in America are
west of the Rockies and fifty per
cent of it are in the three coast
states, California, Oregon and
Washington. One-third of the red
wood has already been cut and
the conservationist have replanted
to date all the trees that have
been cut, a total of 7,000,000 red
wood trees having been planted
in 1924. The red wood is the
only tree that reproduces itself
naturally after being cut over.
The sugar pine does not repro-
duce itself naturally or have the
reforestation experts been able
to do it artificially.

The white pine has met with
considerable success and the big
lumber companies are planting
2000 acres to every 100 cut over
each year.

Mr. Scott illustrated his talk
with lantern slides of different
varieties of trees and the state
and national parks where the big
groves are located.

The visiting Lions were John
I. Cummins, A. C. Hanson, Her-
bert VanFleet of Rialto; B. H.
Frazier of San Bernardino; A. D.
Mitchell and Major Foster of On-
tario.

Elden Atwood, Brother Glenn M.
Atwood were guests.

TAX NOTICES WILL BE MAILED IN TWO WEEKS

Tax notices for the present
year will be sent out of the tax
collector's office within the com-
ing two weeks since all of the tax
rolls of the county have been ex-
tended by the county auditor's of-
fice and sent to the tax collec-
tor who is now filling in the
amount owed by the property
owners.

The slips containing the valua-
tion and the names and addresses
of property holders have been pre-
pared for several weeks but ow-
ing to the county auditor having
to fix the amount due under the
various levies the tax notices did
not contain the amount which
should be paid by each property
holder.

As soon as the notices are mailed,
Tax Collector J. W. Batchelor
will begin making arrangements
for the collection of the taxes. In
addition to sending deputies to
various places in the county as
fixed by order of the board of su-
pervisors on Monday there will be
a larger force of clerks tempo-
rarily in the collector's office for
those who desire to pay their
taxes directly into the tax col-
lector's office.

One of the means devised this
year for the collection of taxes
in distant parts of the county
will be to place a clerk in charge
of districts which are far removed
from San Bernardino in order that
special attention may be given to
the mailing of receipts and the
giving of information as soon as
the checks are received.

Road Improvements On Desert Planned Soon By Supervisors

Several minor road improve-
ment projects for desert sections
will be discussed at an early
meeting of the board of super-
visors it was stated yesterday by
C. S. Crain, chairman, who re-
cently returned from an inspection
of desert roads with County High-
way Commissioner J. W. Cole.
Mr. Crain said he was not able
to say at this time to what extent
the proposed road improvements
would be carried this year. There
are a number of desert districts
asking road improvement and the
matter will be discussed by the su-
pervisors before definite action is
taken.

ARROW ROUTE TO CARRY HEAVY TRAFFIC SOON

COMPLETION OF THROUGH HIGHWAY TO BE RUSH- ED TO COMPLETION

Widening of Foothill Boulevard
Upland To San Bernardino
Necessitates Through Artery
Through County To Care For
Traffic During Construction

Within a short time traffic on
the Arrow Route, which is Ninth
street through Upland, will be the
heaviest it has ever been or will
be in many months because of the
improvement of Foothill boulevard.

The Foothill boulevard will be
closed from San Bernardino as far
west as the contractor deems best
while the widening of that thor-
oughfare is going under the direc-
tion of the State Highway Com-
mission. The contract for the job
is to be let on October 10th.

In preparation for the coming
condition the county is rushing the
placing of the last link of the
Arrow Route which is between Cu-
camonga and Fontana that all
may be in readiness so that traf-
fic may be diverted from the
Foothill boulevard to the Arrow
Route.

Probabilities are that the con-
tractor will first close the Foot-
hill boulevard from San Bernardino
city limits west to Etiwanda and
the next move will be from Eti-
wanda to the county line west of
Upland.

Thus will the Foothill boulevard
closing throw a vast amount of
traffic on to the Arrow Route
through here.

TWO BANKERS GIVEN HONORS

Bank of Italy Appraiser To
Have Charge Of Land
Bank Appraisals

Two Ontario bankers were
being congratulated by their
associates yesterday. C. E.
Mead, appraiser of the Ontario
department of the Bank of
Italy, has been appointed man-
ager of the California Joint
Stock Land Bank, a subsidiary
of the Bank of Italy, and will
take over his new office on Oct.
1.

In his new position, Mr. Mead
will be in charge of the special
far moan department of the
Bank of Italy and will have
jurisdiction over all of South-
ern California. His office will
be in the Bank of Italy build-
ing at Seventh and Olive
Streets, Los Angeles.

Mr. Mead has been connect-
ed with the Ontario branch of
the Bank of Italy since 1923,
and he was one of the instiga-
tors who had the bank estab-
lished in Ontario.

Dyke Receives Banking Diploma

W. L. Cook, deputy county
assessor in this district for the
past five and a half years, will
succeed Mr. Mead.

Cecil Yale Dyke, of the Bank
of Italy, was awarded his dip-
loma in general banking last
night after four years of in-
tensive study, by Citrus Belt
Chapter of the American In-
stitute of Banking. Mr. Dyke,
who is a past-president of the
Citrus Belt Chapter, was also
presented a certificate of addi-
tional credit for work in bank-
ing research.

Members of this district who
hold office in the Citrus Belt
Chapter are George Mahon of
the Bank of Italy, who is a
member of the finance and bud-
get committee; Cecil Dyke,
chairman of the public educa-
tion committee; Isaiah Steiner
of the Commercial National
Bank, Upland, entertainment
committee, and Ovie Carlisle
of the First National Bank of
Chino, woman's work commit-
tee.

A. H. Tolle of the First Na-
tional Bank of Chino, is presi-
dent, and Grace Adsit, of the
First National of Upland is
secretary.

MARIHUANA BUSH EXHIBIT IN CASE

A thrifty looking Marihuana
bush at the police station is
marked exhibit one in the case
against Mrs. Francisca Garcia, who
is charged with growing and sell-
ing the posion weed.

After days of constant sleuth-
ing on the part of the police, the
attention was directed to the
Garcia woman, after it was no-
ticed that her little hut on Cam-
pus avenue seemed to be a popu-
lar meeting place for the Mexi-
can populace.

A search of the premises dis-
closed the Marihuana bravely
growing in the back yard. To
the untitled bush resembles
nothing more than a weed, but the
trained eyes of the police quickly
discerned the marihuana and the
officers proceeded to dig up every
bit of the stuff.

Just what will be done with Mrs.
Garcia, is the problem confront-
ing the officers, as she is a very
old woman and when the police
searched her home last evening,
she said the care of several of her
grandchildren evolved on her.

FAMOUS ONE CENT SALE STARTS ON WEDNESDAY NEXT

Mac the Medicine Man and His
Trusty Crew Prepare To
Give Shoppers One More
Treat—Ontario and Cucam-
onga Rexall Stores Join
Upland Store in Sale

Starting Wednesday, October
5th, Mac the Medicine Man and
his famous Rexall One-Cent Sale
will be one of the main fea-
tures of the business district of
Upland. On another page of this
issue of The News will be found
all the details, so be sure you
look for the interesting items ap-
pearing there.

This sale has been dubbed,
"The Autumn Rexall One-Cent
Sale" by the three Rexall stores
in this section, Ken Hunter of
Cucamonga; Walter Babcock of
Ontario, and Mac the Medicine
Man, our own Rexall store here.

This unique sale was originat-
ed by the Rexall stores of the
United States as a ways and
means of getting a broad dis-
tribution of their goods through-
out the homes in the land. The fact
that each and every article sold
on the sale carries the usual
Rexall guarantee of satisfaction
or money back has become so
well known by people every-
where that all the publicity nec-
essary is to let folks know
when and where the Rexall One-
Cent Sale is to be held.

The entire storage facilities of
The Human Service Station has
been taxed during the past few
weeks as the One-Cent Sale ship-
ments arrived.

As it takes several days to
check and place the merchandise
on display and arrange it for ac-
cessibility and quick sale, that
work is now under way.

Something of special interest to
a citrus fruit growing commu-
nity is the featuring of Sunkist
Fruit Juice Extractors and the
White Rapid-Whip Jars, made by
the same company at the very
unusual price of two of one or
one of each for 51 cents.

These handsome and efficient
devices were originated and de-
veloped by Mr. Bristol of East
Highlands. Their very desirable
new features were quickly recog-
nized by the appreciative public
and carload lots are being distri-
buted throughout the country.

The contention that the Sunkist
extractor device alone will rapidly
increase in the east is now a
proven fact.

Like all commodities the manu-
facturers had their troubles at
one time trying to get the proper
qualities in their products but that
time has passed and these bowls
and extractors are now and
strong, white and courteous ser-
vice.

Extra service facilities are be-
ing added so that the One Cent
Sale will not interfere with the
regular business.

Angry Prof.: "Jones, what are
you late for today?"
Jones: "For class, I guess."

R. D. CHRISTIAN DEAD FOLLOWING CRASH OF CARS

Man Injured When Cars Collide
At Campus and Fourth Dead
After Many Days At San An-
tonio Hospital—Funeral Ser-
vices Announced

Death of the second victim as
the result of the crash of cars at
Fourth street and Campus avenue
when the car driven by Ross "Tex"
Witt collided with that of R. D.
Christian, occurred early this
morning when R. D. Christian died
at San Antonio Hospital.

Christian has been in a serious
condition at the hospital since the
crash occurred on the evening of
Friday, September 2nd. R. W.
Peterson, who was riding with
Witt was instantly killed in the
collision, when the Witt car, go-
ing south on Campus avenue,
ploughed into the Christian car
carrying it seventy-five feet down
the highway until both cars veered
and careened over the curb.

On September 8th Witt was ar-
rested and placed in the Onta-
rio jail charged with manslaughter
and at his hearing was over to
the superior court for trial and al-
lowed his freedom on bail.

Mr. Christian was twenty-five
years eight months of age at the
time of his death, and he was em-
ployed by the Ontario Sheet Metal
Works. He is survived by his
widow, Mrs. Una Christian, one
son, Ray Wilmerth Christian, his
parents, Mr. and Mrs. James R.
Christian, who reside on Campus
avenue (three sisters, Mrs. Della
Daniels of Imperial Valley, Mrs.
Pearl Glover and Miss Liza Chris-
tian of Upland, and two brothers,
Frank of Ontario and Carl, who
lives in Ohio.

Funeral services will be held at
ten o'clock Monday morning from
the Draper funeral chapel in On-
tario, with the Rev. W. L. Brewer
of Upland Nazarene church officiat-
ing and interment will be in
Bellevue cemetery.

WORLD SERIES ON ELECTRIC BOARD AT SAN BERNARDINO

Local baseball fans will be in-
terested to know that the San
Bernardino Sun again this year
will reproduce the world series
games, play by play, on an elec-
trical score board, starting Oct. 5,
at 10:30 daily. The games will
be at the West Coast Theatre.
The same crew which has been
operating the board for many
years will again put on this ex-
citing, realistic production, and
music will be presented for a
half hour before each game.

Citrus Meetings Are Outlined By Wilder

Program for a series of frost
prevention meetings to be held
in this county during the fall
and early winter months are
being outlined by Farm Advis-
or H. J. Wilder and W. R.
Schoonover, extension special-
ist in citriculture from the state
college of agriculture.

Mr. Schoonover, who for sev-
eral years has been conducting
citrus meetings in this section
in conjunction with the farm
bureau and the agricultural ex-
tension service, arrived here
yesterday. The date of the first
of the series of meetings has not
been determined.

GRAND JURORS CALL MEETING

The county grand jury will
meet today, the first gathering of
the inquisitors for several months.

No criminal matters are to come
before the grand jury, so far as
could be learned yesterday. Dis-
trict Attorney George H. Johnson
also stated that he had no criminal
matters to take before the jury.

It is probable that the grand
jury will prepare to launch upon
its committee work at today's
meeting.

"Why did they hang that awful
picture?"
"I expect they couldn't find the
artist."

CITY WATER DEPT. ON EXCELLENT FOOTING SHOWN BY REPORT

FROM TOTAL OF 36 INCHES
CITY NOW HAS 286
INCHES

Four Wells, Three Reservoirs
and Pipe Lines in Excellent
Condition Indicate Rapid
Stride in Placing Depart-
ment On Paying Basis

It wasn't so long ago that Up-
land was skating around on very
thin ice when it came to
water supply—but that wasn't the
time to tell the people about it for
all that officials of the city could
do was to sit tight and saw wood
—and that is just what they did
and what they have been doing
ever since.

In the beginning—that is when
the Citizens Land and Water Com-
pany and the Ocean View Water
Company were purchased by the
city—Upland water department
had a total of just 36 inches of
water, and some days didn't have
anything that looked more than
26 inches of life giving fluid. The
only thing that saved the city
from going thirsty those days was
because Geo. L. Belcher of Cucam-
onga, with a well at Carnation
and Nineteenth street, was willing
to sell water to the city.

Today, however, Upland has a
different story to tell.

First came the vote by the peo-
ple for establishment of a water
department and when the people
voted the \$224,000 in bonds for
that purpose, it was one of the
wisest moves the voters here ever
made. All equipment of both the
Citizens and Ocean View Company
were purchased, which wasn't very
much, compared with what we
have today.

For the holdings of both com-
panies the city paid \$125,683.00
thus leaving \$98,317.00 for ex-
tension and improvement of lines,
for the development of water and
for the formation of a water de-
partment that would be a credit
to the city.

Today instead of 36 inches of
water at most when the two sys-
tems were purchased, today we
have 286 inches. The people of
the city have four wells and three
reservoirs with a capacity of 1-
500,000 gals, all linked together
in one unit thus eliminating any
possibility of their being a lack of
water no matter what necessity
for its use may arise.

The reservoir on 15th street,
with a capacity of 1,000,000 gals,
is the main storage and within a
few weeks four lines will be de-
livering water to it. Three are
in operation now and the fourth
will soon be connected with well
No. 6. To see the city's water
plant is necessary in order to ap-
preciate it, for it is automatic in
operation, although a man visits
each pumping plant and reservoir
at least once and sometimes twice
each day while Superintendent R.
G. Manley keeps a watchful eye
out over the entire plant constant-
ly.

In its operation automatic start-
ers, automatic oilers and many
other modern inventions of elec-
trical engineers are hitched up in
order to avoid any complications
that might occur should the elec-
tricity go off for a short time.
Sudden stop of the flow of juice
into the motors simply causes
automatic switches to act as well
as automatic oilers. When the
juice comes on again the switches
do not act until the motors and
pumps have come to a certain lo-
cation. Then the switch acts, fol-
lowed by the start of the motor
and soon after comes the jump to
the high speed, the automatic
oiler performing its function at
the proper time.

The Water Board of the city,
headed by Councilman F. C. Buf-
fington, has brought the city out
of the doubtful class, as far as
water is concerned, and put her
where future development will not
be hindered because of a lack of
water. We now have the water
and the responsibility carried by
members of the council for many
months has been relieved to a

WHAT A ONE CENT SALE IS

It is a sale where you buy an item at the regular price, then
another item of the same kind for one cent. As an illustra-
tion: The standard price of Klenzo Dental Creme is 50c.
You buy a tube at this price, and by paying 1 cent more, or
51 cents, you get two tubes. Every article in this sale is a
high class standard piece of merchandise, just the same as is
sold every day at the regular price.

This sale was developed by the United Drug Co. as an adver-
tising plan. Rather than spend large sums of money in other
ways to convince you of the merit of these goods, they are
spending it on this sale in permitting us to sell you a full size
package of high standard merchandise for 1 cent. It costs
money to get new customers, but the sacrifice in profit is just-
ified, knowing the goods will please you.

SPANISH CLASSES RITE TO MEXICO

Note a more friendly feeling between the United States and some of the students of Spanish classes are attending with several of the of Guadalajara, Mexico, who have received letters

have found them most interesting and useful, as they have tended to bring about a better understanding of the language studied. Some of those corresponding in last year's classes have carried them on into this year, and already the students of both countries have built up quite an interesting friendship.

CHAFFEY TEACHER TAKES POSITION IN AGRICULTURE

Mr. Charles A. Perrin of the Department of Agriculture at Chaffey was recently appointed to the position of Regional Supervisor of Agriculture in the high schools of Southern California. His duties will be to help with the arrangement of agricultural programs and courses taught in the schools. Mr. Perrin's headquarters will be at Chaffey, where he will stay for three days of the week. The remainder of his time will be spent visiting the various principals of the schools and the agricultural departments. In addition to this position, Mr. Perrin plans to keep up much of his work at Chaffey. He will continue to act as stock and citrus judging coach, Junior Farm Center advisor, supervisor of boys agricultural projects, and in addition will teach a number of classes.

For several years Mr. Perrin has been connected with the Department of Agriculture at Chaffey and during that time has been remarkably successful. He has repeatedly coached successful citrus and stock judging teams who have taken prizes at most of the larger fairs, and has twice coached stock judging teams who represented the state at Chicago in the national contests.

WORLD MARKETS NOW FOR CALIF. CITRUS FRUITS

\$1,000,000 Foreign Shipments
From Los Angeles Port In
Six Weeks—200 Per Cent
Gain In Two Years

According to a report issued by Clarence H. Matson, head of the foreign trade department of the Los Angeles chamber of commerce the rapidly with which citrus fruit exports have been mounting indicates that the possibilities of world markets for this paramount Southern California product have been scarcely touched. "It is only within the past two years that citrus packers and shippers have begun to develop foreign markets," said Mr. Matson. "Nearly \$1,000,000 worth of citrus fruits were exported from Los Angeles in the first six weeks of the present fiscal year, beginning July 1. Although the last fiscal year showed an enormous increase, it is indicated that citrus exports in July and August alone equaled more than one-half of the volume shipped out in the entire preceding year."

200 Per Cent Gain
Citrus exports, with oranges predominating, have registered a gain of more than 200 per cent in two years, according to Mr. Matson, with indications of greater gains to come. In his compilations, no account has been taken of exports to Canada by rail.

Southern California's exports of citrus fruits to the United Kingdom have grown so rapidly that in the last fiscal year the port of Liverpool alone paid more than three times as much for locally raised oranges as did all the markets of Great Britain combined two years ago.

Markets in Europe
Important markets also have been recently developed. Mr. Matson pointed out, in Germany, Norway, Sweden, Denmark and Holland. Meanwhile, Southern California citrus exports to the Orient have increased 1500 per cent in the last two years.

These phenomenal gains are principally due, it is shown, by the inauguration of steamship refrigerator service, which is now available to Great Britain, Continental Europe, Scandinavia, the Orient and in a limited measure to South America.

"BILL" IS TO LEAD ROOTING SECTION

The TIGERS! The Tigers! This will be one of the many yells full of pep and enthusiasm to be rendered on the Chaffey Rooting section during the football games by Messrs. "Bill" Bodner and "Spud" Riggs.

Bill Bodner, the head yell leader, should prove capable of thinking of many new bleacher stunts. Last year Chaffey had one of the best sections in the league, not only in cheering, but in rooter's formations. "Bill" with his pep, is thoroughly able to keep up the standards.

"Spud" Riggs, the assistant yell leader, needs no introduction. He

ANNUAL CONTEST PLANS ARRANGED BY MISS AVERY

The Podrasnik Contest will take place on or about November 11. The contest is sponsored and endowed by Alois Podrasnik of San Antonio Heights. Mr. Podrasnik was in the Civil War, and now holds the office of Post Commander of the G. A. R. As a great patriot, he is very much interested in everything that tends to make boys and girls patriotic.

Czecho-Slovakia is his native land, but after living there for some years he came to the United States and became interested in the relations of foreign countries with the United States. The contest named in his honor is held on or about November 11, because of the significance of that day, concerning our relations with the European countries.

Each year a general theme is used. Last year this theme was "Benefits that the United States of America has Conferred upon the World." The contest was won by Sam Maxey last year, whose oration was on International Arbitration. The second place was awarded to Beniah Bates for her speech entitled "The American Policy upon the Open Door."

Students have made suggestions for the theme of this year's contest and have decided upon one dealing with "International Relations among the Nations that Border upon the Pacific."

This contest is open to all students of the High School and Miss Avery will be very glad to discuss it at length with anyone desiring to enter.

FINAL SURVEYS NEARLY READY

Construction of Mountain Highway To Start By End Of November Now Predicted—Surveys Near Completion

Calls for bids for the construction of Southern California's greatest mountain roadway, the combined federal and state project into Big Bear Valley, known as the "highway road," will be issued early in November and construction probably will be under way before the end of that month. D. L. MacBeath, associate highway engineer of the United States Bureau of Public Roads, announced today.

Final surveys now are near completion, the official declared and efforts will be made to complete the first link of the highway before the end of the winter.

The initial section will start near Panorama point on the present Waterman canyon route, and will follow the ridge below the present road, then turn and cut across the south face of the mountains to Squirrel Inn, connecting with the new state Highway Rim of the World roadway.

The federal government's expenditure on the highway will be in excess of \$350,000, while the state will expend from \$700,000 to \$850,000 on its portion of the route. Estimates as given by MacBeath today, set the total cost of the completed highway at \$1,500,000.

The roadway at no time will exceed a six per cent grade compared with the present route thru Waterman canyon which reaches 17 per cent in some places.

In addition curves will be banked and will be constructed on a radius of 180 degrees, thereby doing away with the many blind turns which now make the road one of the most hazardous in Southern California.

The government's portion of the road will be 22 feet wide, compared with the present 14-foot roadway, which in many spots is much narrower.

Construction costs for the government's section of the project will average approximately \$7,500 per mile because of the great amount of grading and excavation which will be necessary, the engineer declared.

Ultimate plans for the route call for improvement of the lower reaches of the roadway, including the canyon approach, tho this will

Hickville

Tourist: "About what is the population of this place?"
Native: "About the post office."

SOCIETY and CLUB

WOMAN'S CLUB WILL OPEN FALL SEASON—

We progress, the Upland Woman's club house, apotheosis of feminine achievement in Upland will open its hospitable doors to its members and guests next Tuesday for the first meeting of the Fall season.

On this occasion the Upland club will be hostess to the other clubs of San Bernardino county. Special guests on this momentous occasion being Mrs. W. W. Green, the state president; Mrs. Henry N. DeNyse of Riverside the district president, and Mrs. George R. Bunnell of Redlands, president of San Bernardino county.

Invitations have been issued to the women's clubs in the district and many have signified their intention of attending. A dainty luncheon will be served at twelve thirty o'clock and during this hour, presidents of the various clubs will be asked to give brief talks. An interesting program has been arranged for the afternoon at which time Mrs. Green will speak, bringing a message to all the club women in the southern district. Another charming feature of the afternoon will be a group of vocal solos, sung by Mrs. Smith of Redlands. Mrs. Smith is a gifted vocalist and her repertoire contains many beautiful classic gems as well as the lighter numbers.

The Upland Woman's club does not open its official year until October 11th, and on this occasion the members may bring their friends. Mme. Alma Real, Mexican soprano, will be the solo artist on the afternoon's program and a smart tea and reception of the finest in the southern district, has made it possible for the members to bring to Upland artists, lecturers and educators of stellar importance whose names are usually associated with city clubs. It is the present plan of the local organization to present a series of four concert numbers

that will be open to the public. The first concert will be given the evening of November 1st, at which time Louise Espanola, Spanish soprano who has appeared many times on the stages of the eastern cities as well as Europe, will be the attraction. The complete program for the four concerts has not been completed as yet but will be announced later.

In addition to the concert course several other evening meetings will be held to which the general public will be invited. It is the aim of the club members to make their attractive club house the civic center of the town. With this thought in mind the women chose the very center of the smart social life for their club house, site and the people of Upland are supremely happy to have its downtown center invaded by a group who have built one of the handsomest buildings in town.

The following members of the official board will be in the receiving line at Tuesday's meeting: Mrs. J. Emery Sargent, president; Mrs. R. C. Norton, secretary; Mrs. J. F. Sawyer, treasurer; Mrs. George Winter, parliamentarian; Miss Anna Tweed, auditor; Mrs. N. G. Pehl, Mrs. Leon Durham, Mrs. Earl Hawthorne, Mrs. W. F. Goodham, Mrs. Mary Eckerman, Mrs. H. W. Hawkinson and Mrs. Charles Barr, directors.

CHARIVARI FOR NEWLY WEDS—

Mr. and Mrs. Jack Kennedy (Ruth Lee), whose wedding was celebrated in Ontario recently, were the inspiration for a jolly charivari staged by their friends on Wednesday evening at the Kennedy home, 716 El Morado Court, Ontario.

The affair was a complete surprise to the newlyweds, whose first intimation that anything unusual was taking place was when they heard a fearful din created by the music of tin pans and whistles. At the close of the serenade the revelers were invited to spend the evening with Mr. and Mrs. Kennedy and at a late hour the hostess served a dainty supper to her guests.

Among those who came to wish Mr. and Mrs. Kennedy happiness were Mr. and Mrs. Steve Goodin, Mr. and Mrs. E. J. Tompkins, Mr. and Mrs. Everett Paige, Mr. and Mrs. Ray Lewis, Mr. and Mrs. Cecil Dazey, Mr. and Mrs. Don Brady, Mr. and Mrs. Clyde Hodge, Mr. and Mrs. Roy Jennings, Mr. and Mrs. Leo Getman and Mrs. Bessie Gillatt.

METHODIST CIRCLES WILL MEET THURSDAY—

Members of the various circles of the First Methodist church are planning to meet next Thursday when they will resume work after the summer vacation. Several of the circles have planned all day meetings while others will meet just in the afternoon. Following is the schedule and place of meeting for Thursday:

Members of the Crescent Circle will be entertained by Mrs. G. R. Sturdivant at her home 61 Eighth avenue and the session will begin at 2:30 o'clock.

The East Side Circle will meet in the afternoon at the home of Mrs. Henry Livermore, on East Tenth street and Mrs. Coy Spies will be the assistant hostess.

The Willing Workers will meet for an all day session at the home of Mrs. C. H. Post on Euclid avenue. A delicious surprise luncheon will be a feature of the noon hour and will be followed by a business meeting.

Mrs. E. C. Chapman will be hostess to the N. E. W. circle at her home, 623 West street. This will also be an all day affair with lunch being served at noon.

REBEKAH LODGE WILL ENTERTAIN—

A delightful affair in lodge circles is planned for this evening when members of Silver Link, Rebekah Lodge will entertain the Rebekahs and their families and the Odd Fellows.

The party will be held in the lodge rooms on Second avenue and Mrs. Albert Stull is chairman of the program committee. She has planned an interesting evening. The hall is being especially decorated for the occasion and following the entertainment a de-

licious supper will be served by Mrs. Stella Nelson and her committee.

This is strictly a social gathering and every Rebekah and Odd Fellow is cordially invited to attend.

HALLOWE'EN KEYNOTE OF BUSINESS WOMEN'S PROGRAM

With Halloween just in the offing, members of the Business and Professional and Women's club will stress that theme as the keynote of their dinner program, when they meet next Tuesday evening, at the Davis Cafe. Mrs. E. A. McLaren, who is chairman of the affair, has arranged a program, which is charmingly different from any that the club members have enjoyed for some time, and dinner will be served at six-thirty o'clock.

A short business session at which the president, Mrs. R. C. Williams, will preside will precede the program and as several important matters will come up at this time it is desirable that all the members attend. A humorous berlesque of "The Lady of Shalott," with Mrs. C. C. Danner and Mrs. Claude P. Mengle in the leading roles is one of the clever features of the evening's entertainment and a group of tenor solos by Ted McLaren, with Mrs. George Cassell as accompanist, will be given.

The executive board members held their monthly meeting at the community Cottage on Wednesday with Mrs. R. C. Williams presiding, fourteen members were present and considerable business was transacted at this time. Plans for future meetings were discussed and will be submitted to the club members at Tuesday evening's dinner meeting.

Among the chairmen of the various committees who attended the board meeting were Mrs. S. M. Jessup, Mrs. Robert Leahy, Mrs. Mark Bailey, Mrs. Fred McMullen, Mrs. George Barlowe, Mrs. C. Thudum, Miss Leola Lee, Miss Margaret Harris, Miss Elizabeth Harris, Miss Elvira Ruth, Miss Nell Atherton, Mrs. William McCloskey and Mrs. Charles Anderson.

PATRIOTIC ASSOCIATION ENJOY ANNUAL PICNIC—

For fifteen years members of the Grand Army and the Woman's Relief Corps in this community have planned as one of their yearly social affairs, an all day picnic. These happy affairs have been spent at "Ye Old Kentucky Home," the home of Mr. and Mrs. E. C. Long, East Francis street, Ontario. Just fifteen years, and yet on Thursday when the comrades and friends met for their yearly picnic, only seven of the thirty-nine who had gathered for that first happy meeting fifteen years ago.

It was a happy day and nature seemed to know that something auspicious was brewing for she loaned her fairest Fall weather for the occasion. At ten o'clock the happy throng gathered at the Masonic hall in Ontario, where one of the big comfortable Chaffey school buses was waiting to take them to their destination. At noon a delicious picnic lunch was enjoyed, the long tables were placed under the grape arbor that needed no further decorations than the clusters of purple grapes that hung from the vines. Preceding the lunch a brief memorial service was held for the missing comrades.

The afternoon was one long to be remembered. There was no set program, each one contributing to the event. The host and hostess who are clever musicians, sang and played for their guests, and in many of the old favorite songs every one joined. At four o'clock, after pronouncing the day one of the very happiest, the chaffey bus came to take all the folks to their homes.

Among the old comrades who were present at the affair were Commander A. Podrasnik, A. J. Baldwin of Pomona; E. M. Rankin, C. L. Lambert, G. T. Tucker, J. F. Richardson and A. H. Sells, while the Relief Corps was represented by Mrs. Laura Halfhill, Mrs. Lillie McConkey, Mrs. Hattie Knoll, Zelma Edwards, Eugenia Huse, Margery Hill, Little Hammond, Janet Shepherd, Martha Terree, Elizabeth Taylor, Mrs. Graves, Mrs. Clarence Long and her son; Lita Gillian, Henrietta Roe, Mary Brisbin, Mary Wallick, Sarah Morton, Josephine Confer, Gertrude Draeger, Carrie Hardwick, Carrie Hughes, Sarah Whitaker, Mrs. Knight, Mary Crooslin, Belle Clifton, Mrs. Sells, Mayde Bennett, Velma Weldon, Mrs. Eustis, Hattie Gilbert, Ella V. Bradford, Ella Wood, Mable Etter, Sophronia Dull, Sarah Richardson, Anna D. Stolte, Anna B. Hayes and Rev. Draeger, William Long and the hosts.

COMING EVENTS IN SOCIETY AND CLUBDOM

Business and Professional Women dining at the Davis Cafe at six-thirty.

Thursday, Oct. 6
First meeting of the 18th Street P. T. A. at the school at 2:30 o'clock.

SOCIETY PLANS BUSY FALL AND WINTER—

With so many delightful social affairs planned for the near future, one can only wish for a social clearing house so that the dates of the big doings won't all fall on the same evenings.

Prominent among the clubs that are planning pretentious doings for the winter months is the Upland Woman's Club. That organization has outlined a program that is criss full of good things, not the least of which is a series of four concerts. The first of these will be given November 1st. Several other evening meetings to which the public will be invited and smart afternoon teas will intersperse the regular monthly meetings.

Members of the social committee of the Red Hill Country club held a meeting yesterday and elaborate plans were outlined for the coming months. The club house is undergoing extensive remodeling just at present and it will be several weeks before the program will be launched. Included among the society events are brilliant teas, bridge tournaments and evening dancing parties.

A group of the smaller card clubs and several of the lodges plan to entertain during the winter and taken all in all, the social calendar for the next few months is as full of delightful things as the proverbial Jack Horner pie.

WILL ORGANIZE CLUB FOR YOUNGER WOMEN—

A new club for younger girls in business is being organized next Wednesday evening at the informal get-together at the Chaffey apartments at 7:30, where possibilities of such an organization will be eagerly discussed pro and con. It is felt that there is a real opportunity in this community for a social and recreational club of young girls in business of high school and college ages. Such groups are being greatly enjoyed in many other places.

Athletics such as volley, basketball and swimming will form one side of the program while the discussion of modern plays, a charm school and occasional inexpensive suppers at Chaffey will be planned by the members.

Each girl in the community is most cordially invited to attend the first meeting Wednesday evening. Miss Lillian Lind, general secretary of the Chaffey Community Girls Organization, and Miss Olive Armstrong will be hostesses.

CITRUS GROWERS WILL DINE—

Members of the Upland Citrus Growers Association will hold their annual meeting on Saturday at the Upland Woman's club house and it is expected that more than three hundred people will attend.

A bountiful dinner will be served at twelve o'clock noon, and the fact that it will be prepared and served by members of the Woman's club vouches for its perfection.

Following dinner the annual stockholders business meeting will be held with George Laidlaw, president, presiding. Reports will be given at this time and other business transacted. This is the annual meeting and business of importance will come before the association.

DESERT ROADS IMPROVEMENT BEING PLANNED

Supervisor Chairman Visiting
All Sections To Determine
Need—Repairs To Strengthen
Roads For Rainy Season

Efforts to determine the condition of the roads throughout the desert section of the county will be continued by C. S. Crain, chairman of the board of supervisors, during the coming week and it is thought that a program for improving the condition of the roads between here and Needles and to points on the Arizona state line where the county maintains roads, will be placed in operation for the winter months.

While the roads are good for the desert yet the heavy rains cause them to become cut up in many instances and the trip of inspection which is now being taken by Mr. Crain and by J. W. Cole, county highway commissioner, is for the purpose of going over the highways to determine at what points it may be necessary to do extra work to keep the flood waters of the rainy season from cutting thru the right-of-way of the road.

At a number of points throughout the county the county road department has undertaken to secure better conditions during the winter months by building water turns which turn the water during the rainy season from the right-of-way and by the construction of culverts at strategic points. It is thought by Howard L. Way, county surveyor, and by Mr. Cole, that there will be little difficulty experienced in holding the flood waters back sufficiently to keep the roads passable.

Chairman Crain represents the desert section of the county on the board of supervisors in addition to being chairman of the board. The present trip of inspection will not be complete until sometime next week, although he will return to San Bernardino for the meeting of the board of supervisors on Monday.

Church and Sunday School

FIRST CHURCH OF
CHRIST, SCIENTIST
S. E. Corner Euclid Ave and G St.
Ontario, Calif.

Sunday School at 9:30 A. M.

Holy Communion and sermon 11. At this service the rector will make an announcement of much interest to the congregation. Be sure and be present. The first meeting for the season of the guild will be held on Monday at 2:30 P. M.

BRETHREN IN CHRIST CHURCH

"The Church With A Junior College"
Upland

Will thou not revive us again, that thy people may rejoice in thee?—Ps. 85:9.

Our revival meetings start Sunday, Ray Witter from Abilene, Kans., comes to us with a full Gospel message. He has been successful in evangelism in tent work and churches for the last ten years.

Meetings every night at 7:30 except on Saturday. On Sunday: Sunday school, 9:30. Preaching 11:00. Y. P. and Junior Leagues, 6:30. Song and testimony, 7:30. Preaching, 8:00.

BETHANY UNION CHURCH

Communion Service will be held at the church Sunday afternoon. Rev. George Irwin of Ontario officiating. The service begins at 4 o'clock. The Junior Christian Endeavor meets at 9:30 A. M. Sunday school begins at 2:45 P. M. Senior-Intermediate Christian Endeavor begins at 7:15 in the evening.

UPLAND PRESBYTERIAN CHURCH

In the Upland Presbyterian Church the Sacrament of the Lord's Supper will be observed at the morning service. Members may be received and infants baptized at this time. The officers and teachers for the Sunday School will be installed at this service also.

The pastor is to speak at the evening service at 7:30. The subject will be "Things to Sell." The Sabbath School meets at 9:45 A. M. The fully graded department work goes into effect this Sabbath. Leaders will be in the hall to direct members to their department.

The regular monthly meeting of the session is to be held in the study in the church Monday evening at 7:30 sharp.

The Presbytery of Riverside meets in this church Tuesday morning at ten. The Women of the Presbyterial meet in the Westminster Church of Ontario at the same time. All meet together in the evening in the Upland church. Dinner will be served at 6:15. All the members of the church and friends are invited to meet for this popular evening service. Plates at the table will be 50 cents. This will be followed by an address at the table on Alaska to be given by Mrs. Johnson from Santa Ana. At the close of this address all will repair to the main auditorium where Dr. R. M. Donaldson of Beverly Hills Presbyterian Church will tell of the work of the National Missions Board for 125 years. Miss A. B. Drake of Redlands will tell of the work of the Woman's Board for 50 years. The public is invited.

FIRST METHODIST EPISCOPAL CHURCH

Two services of interest have been arranged by the First Methodist Episcopal Church for Conference Sunday, October 2nd. In the absence of the pastor a representative of the Near East will speak at the 11 o'clock service, presenting the needs of orphaned children in that field.

In the evening the Young People's Department will have entire charge, having arranged a program of special musical numbers by the choir and soloists, together with brief talks by members of the department.

The regular Morning Watch service will be at 7:00 o'clock.

Supervisors Will Consider Closing Old Forest Roads

Plans for abandoning a number of the roads which have been made useless through the construction of other lines of travel to serve the districts which were formerly served by the old roads, are being considered by the board of supervisors. In a number of instances the new roads are of better grade and are through better sections than the old roads and as a result the county is relieved of the expense of caring for two roads into the same section.

During the coming week a number of notices will be given in regard to the closing of old roads in the county and the board of supervisors will take action on the recommendations of the county surveyor at the second meeting during the month of October.

Betterment of road conditions in the mountain districts has been one of the plans of the county surveyor's office. In order to reach a number of the best spots in the mountains it has been necessary to go over roads which were too steep and the newer lines of travel are being constructed on the plan of making each of the roads a "high gear" highway.

the Church School at 9:45. This Sunday is Promotion Day, scholars being advanced to their new classes for enrollment. Epworth League devotional services at 6:30 P. M.

The week's activities include: Tuesday, 2:30. Meeting of Orange Drive Circle at the Bethany Church in the Heights. Banquet in the evening at which husbands of members will be guests.

Wednesday, 7:30 P. M. Midweek Sanctuary Service. Thursday, 2:30. Crescent Circle at home of Mrs. G. R. Studvant, 651 8th avenue; 2:30. East Side Circle at home of Mrs. Livermore, East 10th street. Mrs. Coy Spies assisting. All day meeting of Willing Workers at home of Mrs. C. H. Post. Pot luck lunch at noon. All day meeting of N. E. W. Circle at home of Mrs. Chapman, 623 West street; pot luck lunch at noon.

Cucamonga-Alta Loma News

Assemblyman Jones Addresses

Hon. Isaac Jones of Ontario was the distinguished speaker of the evening before the Cucamonga Service club at their regular Monday night meeting at the Sycamores. In an interesting address, attentively followed by some thirty members present, Mr. Jones talked on the constitution, the solvent credit and crime bills passed by the last legislature.

"Call of the Wild" or a bit of "back to nature" was noted in the decorations of the dining table, pine-cones and fragrant pine needles, and in the menu, delectable brook-trout, fresh from the Bear Valley streams, through the courtesy of Tracey Morris, of Gray's Camp on the lake.

Another complimentary gesture, adding not only to the attractiveness of the table, but tickling the palate as well, was a luscious display of three different varieties of grapes, from the vineyard of "Brother Bill" Hutton.

O. P. Whitney, president, presiding, announced that there would be a special musical program at next Monday night's meeting, with a number of soprano solos and songs by a quartette of singers.

Local Fans Ravin' To Go

Fred Owings, chairman of the baseball committee, furnished another thrill of the evening when he announced his committee had now completed the organization of a local baseball nine and would be ready to meet the challenge of the Etiwanda team next Tuesday evening at 7:30 o'clock on the grounds of the Etiwanda School. The following personnel will go forth to battle: Emil Horsch, pitcher; Pete Cherbak, catcher; Levi Hirschler, first base; Harry Wright, second base; Gilbert Goehart, third base; Kenneth Hunter, short stop; Maurice Bonillas, center field; Fred Austin, left field; Nelson Van Fleet, right field. Three substitutes, Gordon Billings, Homer Stipe and Virgil S. Davis. Pete Cherbak has been appointed captain by Fred Owings, manager of the team. Rooters, "everybody in the county."

Farewell Program For Pastor

Cucamonga M. E. Church attracted a large number to its doors on last Sabbath evening in a farewell tribute to its retiring pastor, Rev. E. M. Crandall. Mrs. Crandall, and to enjoy the delightful program of music and song given by the young people of the Epworth League as their farewell to a much loved pastor. Dr. Crandall in his final sermon of the year here, gave a splendid talk to young people. The program included the following entertaining numbers: Organ prelude, Mrs. Chas. Beckley; selections by the Young People's Choir; piano duet, Josephine Emery and Katherine Cannon; cornet solo, Miss Gertrude Emery; piano accompaniment by Miss Isabelle Emery; mixed quartette, Mr. and Mrs. Orlo Cannon, Messrs E. J. Lewis and E. S. Clark; saxophone and flute solos, Miss Ruth Hammond of Compton; violin solo, Mr. Thos. Gilchrist of Compton; soprano solo, Mrs. Russell Huffman; vocal duet, Donald and Dorothy Cannon; selection by Mrs. Buchanan's class of girls; tenor solo, Mr. E. J. Lewis; solo, Mrs. Elsie Cannon; vocal solo, little Miss Marcelle Arnold.

At the close of the program, the Epworth League presented a silver offering as their farewell gift and token of love and esteem for Rev. Crandall and Mrs. Crandall, whose work will take them to another field.

Club Luncheon Honors Guest

A delightful luncheon and an afternoon at bridge entertained members of the Alta Loma Bridge Club when Mrs. W. H. Converse was hostess at a prettily appointed affair Tuesday afternoon at her home on Hellman avenue, with her sister-in-law, Mrs. Chas. Converse of Los Angeles the guest of honor. Lovely fall flowers and choice pink roses adorned the home and centered the luncheon table, where dainty flower nut-cups marked covers for eight guests. Owning up to a birthday on that day, the hostess placed before one of the club members a beautifully decorated birthday cake with "umpy-umpt" number of pink candles gaily alight, which called for the usual mystic rites of wishing, extinguishing the burning taper and cutting the delectable cake. The afternoon was topped off with the usual jolly round of auction games, with table awards carried home by Mrs. Chas. F. Thorpe and Mrs. B. H. Wilson. Consolation went to Mrs. W. J. Kincaid. Mrs. Gilbert Dziel will be hostess to the club on Tuesday, Oct. 11, at her home on Hellman avenue.

Ninth Birthday Celebrated

Little Lorraine Keenan, who makes her home with Mr. and Mrs. A. H. Ledig, of No. Hellman avenue, enjoyed her ninth birthday anniversary on Monday and twelve friends were bidden by Mrs. Ledig to come and help the honoree celebrate the happy occasion, following the close of school that afternoon. Under direction of the teachers, Miss Marian Belden and Mrs. Majorie Mackintosh, the young folks enjoyed lively games and contests, played both in and out-of-doors, and the young celebrant was showered with many pretty birthday gifts. Dainty refreshments of ice cream and cake were served at a long table, which emphasized a pretty pink, blue and white color note in the use of lovely asters and cosmos, the same shades being repeated in the little fortune favors, with streamers leading from each place to the center of the board, where glowed a great white birthday cake with pink candles. Nut-cups indicated covers for the following guests: Miss Marian Belden, Mrs. Majorie Mackintosh, Constance Ledig, Barbara Lee Grass, Betty Blair, Louise Thomas, Thelma Henderson, Dorothy Walsh, Kathleen Beckley, Mary Cherbak and the little hostess, Miss Lorraine.

Cucamonga Woman's Club

Mrs. A. C. Beattie and Mrs. E. S. Bishop will be joint hostesses at the first meeting of the club season, Cucamonga Woman's Club, at the Beattie home in Archibald avenue, Thursday afternoon of next week, Oct. 6. The business session will convene at 2:30 when matters of importance will be discussed. A full attendance is desired.

The program to follow will consist of "Vacation Talks," followed by music during the tea hour. Invitations have been received by the club from the Upland Woman's club to attend a luncheon at 12:30 o'clock next Tuesday, Oct. 4, in honor of the visiting state president of the Federation, Mrs. W. W. Green. Reservations should be made with Mrs. R. C. Norton, secretary, by Oct. 1. Another invitation from the Highland Woman's Club has been received by the local club, to attend their opening luncheon on Oct. 7, when they will also entertain the state president.

Entertains Class Mates

Happily entertaining members of his Sunday school class of the Mennonite Church, William (Billy) Ledig celebrated his 16th birthday last Friday evening at the home of his parents, Mr. and Mrs. A. H. Ledig, Hellman avenue. Outdoor games and stunts sped the twilight hours swiftly by when the boys were summoned to the spacious porch to partake of a tempting birthday collation of ice cream and cake.

Bidden to participate in the auspicious occasion were Mr. Paul F. Schowalter, teacher of the class, and the following classmates: Melvin Voight, Marvin Ruth, Arthur and Carl Licht, Rufus Heibert, Ernest Summerfield, Glenn Croyer, all of Upland, and Paul Weber of Cucamonga.

Wednesday Art Class

Under the supervision of Miss Leila McClelland, Chaffey instructor in arts and crafts and home decoration, class will be formed Wednesday of this week to meet at Central School, Cucamonga, between the hours of 1:45 P. M. and 3:30 P. M. every Wednesday afternoon.

Visits Old Friends on Trip

Mr. Henry Albert, Sr. and daughter, Miss Eleanor, who are at home again after a delightful two weeks' auto trip to Northern California, Oregon and over the Columbia Highway and the Mt. Hood Loop, extended their trip further to visit the Oregon Caves and the old gold mines at Truckee, and to stop enroute home to look up old friends and former neighbors of Alta Loma, calling at the Krysto Brothers Service station in Oakland, where they visited with Ramon, his brother Borden being absent, and at Colfax, Cal., they called on John Mowrer, formerly of Hermosa avenue and Base Line, Cucamonga, and son of the late Isaac Mowrer, pioneer orange grower. Here they also learned the sad news of the death last spring following an operation for appendicitis, of Earl Mowrer, son of Mr. John Mowrer, all well known here.

Mrs. H. P. Swain (Margaret Albert) who has been visiting her parents, Mr. and Mrs. Henry Albert for the past four weeks, is leaving on Sunday for her home in Concrete, Wash.

Mrs. Wm. Cooper and daughter Ada were among those visiting the Pomona Fair last Saturday.

Miss Gertrude Reed was a visitor to the Angel City on Tuesday.

Thos. Graham of Pasadena and W. B. Ewing of Hollywood were callers Sunday at the home of Mr. and Mrs. W. J. Kincaid.

J. H. Williams is on jury service this week in San Bernardino.

Wm. P. Vurpillat, who some months ago purchased the attractive home and orange grove of J. H. Harker on No. Hellman avenue, has turned the property over again and sold to a Mr. Pugh, of Los Angeles.

Jos. Rogers has sold his newly constructed stucco cottage in Lomita Drive, Alta Loma, to a Mr. Gregg of the Hillcrest Realty.

Mrs. Chas. Converse, who has been a house-guest the past week at the home of her niece, Mrs. H. L. Salisbury, left for her home in Los Angeles Wednesday morning.

Mrs. J. C. Powellson of Hermosa avenue, who has been severely ill for a week and confined to her home, is now reported on the mend, and her many friends hope to see her able to be out again soon.

Mr. James of Los Angeles and owner of the famous beach home once property of Nat Goodwin, the actor, at Venice, was in the community on Tuesday, accompanied by friends, former residents of Alta Loma and were calling on Mr. and Mrs. Chas. F. Thorpe at their foothill home, Edgemont.

Miss Mary Albert, accompanied by her sister, Mrs. H. P. Swain, journeyed to Los Angeles and Hollywood on Wednesday, where they enjoyed the filmplay, "The King of Kings" at the Chinese Theatre.

The Cucamonga Junior Service Club have been holding their regular Friday evening meetings at their club rooms on San Bernardino Road, and interest is unabated. Jas. Sharp, head of the Boys Work, is at work on a huge tumbling mattress for the boys, which needless to say should prove a very acceptable addition to the club apparatus.

Mrs. Chas. F. Thorpe will leave Thursday for Pasadena to see her granddaughter, Miss Muriel Demens, who has been ill with the flu at the apartment of her aunt, Miss Constance Thorpe.

Nephew Dies

Mrs. Florence Kidd, of Feron street, received word on Tuesday of the sudden death of her nephew, William R. Smith of Ontario who died that morning at the San Antonio Community Hospital, aged 34 years. His widow Mrs. Etta Bellevue.

Mothers' Corner

Today's Bible Text: "Go to the ant, thou sluggard, consider her ways, and be wise."—Prov. 6-6.

Stories for Little Ones

We have stories, handed down to us, of men, who being thrown into jail for indebtedness, have spent this time, not in idleness but to a purpose.

We have the story of John Bunyon, while in jail for indebtedness, studied and thought out a story which was written and handed down to us in book form. It has now, at the present time, been into such shape that is eliminating some of the more serious parts, so that little children enjoy having the story of "Pilgrim's Progress" read aloud to them. It not only brings to them a sense of the spiritual life, but is entertaining as well.

Ironing

To iron clothes, within a couple of hours or so, from the time of sprinkling, you sprinkle them with warm water in place of the usual cold water.

Four X Frosting

If a half tablespoon of butter is added to XXXX frosting, it will adhere to the cake and not crack.

The Eating of Soup

When eating soup, ladle with the spoon turned from you. Place the side, not the end of the spoon to your lips. If croutons or oyster crackers are served, you may place a few at a time in the soup but all other crackers are eaten from the left hand, and are never broken into the soup.

"Need any help, Mister?"

"Yes! Keep the rest of the motorists from asking me if I need any help." Colo. Dodo.

Visiting M. D.: "Farmer Brown, I'm afraid I can't come out to see you anymore."

Farmer (worried): "Why, what's the matter, doctor?"

M. D.: "Why every time I come out your ducks insult me."

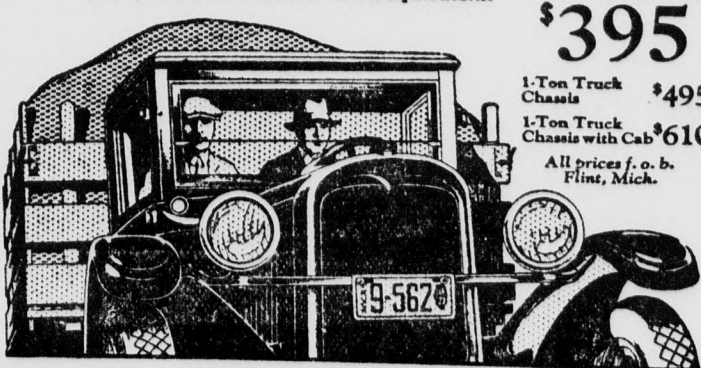

Smith, is a niece of Mrs. Kidd's and the family will be remembered in Cucamonga, where they lived for a year following the death of Mr. Kidd and their arrival here from Tennessee. Mr. Smith purchased the peach orchard of Wm. Gwinn, which he later traded for a home in Ontario, which in turn he turned in on a five acre orange grove on No. San Antonio avenue about nine years ago. Besides his widow, he leaves three young children, William, Jr., age 10, Earl 7 and Louise 6 years old. Funeral services were held Thursday afternoon at Richardson Funeral parlors, with interment at Bellevue.

ALLEY KEEPS EYE ON GRAPE- MARKET FIGHT

Asperate Struggle Now Being Waged To Save Industry From Ruin—State Crop More Than 250,000 Tons Above Last Year

San Bernardino County today is witnessing the greatest grape movement in its history. The county contributing a large acre of the state crop now being rushed to eastern markets. Growers of the West End are taking part in a struggle now progressing to save the grape industry of the state from ruin. With the grape industry both in this country and the state in the throes of great over-production, existing marketing conditions are causing exceedingly grave concern over the future of grape growing. While in the big markets of the East monopolized buying vital has wounded the industry.

Large Added Tonnage

Two million, three hundred and sixteen thousand tons of grapes is the estimated 1927 crop, with the peak of production rapidly approaching. This 276,000 tons more than last year's crop, which was the record for all time. This stupendous amount of grapes threatens to crush growers, investors and business men alike unless market tenacity is relieved and some means devised whereby manipulated buying and helter-skelter selling is checked.

With a trail of failures, foreclosed mortgages and poverty-stricken homes in the past year, no grape growers only late this season began to realize that immediate and desperate action must be made to halt the trend.

To Organize Market

At the present time the California Vineyardists' Association, with headquarters in Fresno, is working toward relief of the dangerous situation. With such limited time, they only action this year is to try to get more co-ordination among the shippers and thus regulate the output of various grades of grapes in the market. As soon as feasible, they will take steps to reorganize the outside markets, led by New York, Chicago and 33 other large cities.

In the meantime, effort is being made by the growers' representatives to inform the public of the situation. While no material aid seemingly could help, the vineyardists are calling for the moral support of the citizens in their territory while the great struggle is going forward.

CHANGES MADE IN MUSIC DEPARTMENT

Prof. R. H. Lyman, head of the music department at Pomona College, has recently made a full announcement of personnel changes and additions in his department for the college term which is just opening.

The courses usually offered by Prof. Walter A. Allen, who is traveling and studying in Europe during his Sabbatical year, have been divided between Miss Pauline Alderman and Mr. Clokey. Miss Alderman, who spent the summer as head of the harmony department in the Pennsylvania State College, will have Prof. Allen's classes in harmony, counterpoint and music history and appreciation, while Mr. Clokey will have the class in composition and will also retain the class in orchestration.

Since Miss Alderman will be completely occupied with the work in the theoretical department, her place as a piano instructor is to be filled by Miss Mary Hall. Miss Hall secured her music degree at Drury Choral Club of one hundred voices, and served as organist at the First Congregational Church at Springfield. After her graduation she taught piano at Drury College for three years, then went to Boston to study piano under Raymond Havens. Since coming to California she has been a pupil for three years of Alfred Mirovitch, the great Russian concert pianist and teacher. Last summer Miss Hall returned to Drury to dedicate the new Music Hall with a concert. She gave several concerts while there. She has given recitals in Bridges Hall and the Claremont Woman's Club and has appeared on many programs in Southern California.

The music department is happy to announce that both Mr. Jay Plowe, well known member of the Los Angeles Philharmonic Orchestra who has been instructor in flute, and Mrs. Marjorie Carver Weirick, instructor in cello, will teach at Pomona College this year. The rest of the faculty remains unchanged with Ralph H. Lyman, Mr. Arthur Babcock and Miss Hope Taber Ford teaching voice, Mr. Joseph Clokey the organ and Mr. Everett Olive and Miss Mabel West piano.

Mr. Ralph R. Unlacke, teacher of violin, returns from a summer of study spent with William Kroll first violinist of the South Mountain Quartet and violinist of the Elshuco Trio. Mr. Unlacke has also studied ensemble playing with Willem Willeke, cellist of the Elshuco Trio and South Mountain Quartet, two of the foremost chamber music organizations in the country. Mr. Willeke is also the teacher of Mrs. Marjorie Carver Weirick.

COUNTY SOLONS ACT TO PROTECT BIG BEAR REGION

Supervisors Order Truck To Be Purchased To Fight Valley Fires—Tuttle Appointed District Fire Warden by State

At the regular weekly meeting of the county board of supervisors Monday morning a large number of routine matters were disposed of and the board took steps to give the Big Bear lake country better fire protection during the coming year.

The purchasing agent was authorized to purchase a second-hand Seagrave fire truck at a cost of \$5,750 which is to be placed in the Big Bear district.

Appointment Confirmed

The appointment of Roy M. Tuttle, county forestry agent, as district fire warden by the state forestry department, was confirmed by the board of supervisors. By this action the board of supervisors made it possible for the state to pay a part of Mr. Tuttle's salary and relieve the county from an expense of at least \$600 a year.

The board authorized the sale of \$25,000 worth of the bonds of San Bernardino high school district. This is a part of a block of \$400,000 voted some time ago. The sale of the bonds will take place three weeks from Monday. The money is to be used in bettering conditions in the high school.

Resolution is Adopted

A concurrent resolution was adopted regarding the Union school district which lies partly in San Bernardino county. This district voted \$25,000 in bonds for the improving of the schools there and as the greater part of the district is in Riverside county, the board of supervisors of that county requested a concurrent resolution for the issuance of the bonds.

CHINO FIRE ONLY DISASTROUS ONE OF 1927 SEASON

300 Acres Of Grain Land and Three Summer Cabins Were Burned At Loss To County Forestry Dept. of \$3,000

The only really disastrous blaze in state protected lands this year was the one at Chino and the county forestry department assumes this loss of about \$3,000.

California's fire loss this season is lower than for years and is reflected in a report just issued by County Forester Roy M. Tuttle, disclosing that the 1927 damage to state protected lands in this district is less than half that for 1926.

The reports, both for this county and for the whole of California, concern only those lands patrolled by the state, it was pointed out, and not those under the jurisdiction of the Federal forest service.

County Loss \$7,500

San Bernardino County's fire loss this year has been only \$7,500, Mr. Tuttle reported yesterday, compared with \$18,080 for last season. Throughout the state the fire damage to state protected lands was only \$38,415, which, while exact comparisons are not available, is reported to be far below that for any other year on record.

This decrease in the fire loss here is despite the fact that more actual acreage has been swept this year than last, according to Mr. Tuttle. Nearly 1,800 acres have been burned over in 1927 compared with only 1,000 last year. The difference is, the forester pointed out, that the flames this year have been largely confined to points where there was little damage, and watershed loss has been reduced to the minimum.

Loss Higher in 1926

During the present fire season to date, 600 acres of brushland have been burned, at an estimated loss of \$1,500. There were only a few scattered acres which could be classed as watershed, however. Last year, though only 335 acres of brushland were burned, the loss was estimated at \$16,750, because fully half of the area was valuable watershed.

About 900 acres of land classified as grass and pasture area have been devastated by fire this year at a loss of \$1,000. Here again is an example of high acreage and low destruction, according to Forester Tuttle, as last year only 575 acres of grass and pasture land was burned, but the loss reached \$1,150.

REDLANDS MAN APPOINTED TO STATE POSITION

Former State Senator Lyman M. King of Redlands has been appointed to the head of the division of service and supplies of the state and also ex-officio member of the Board of Control by Gov. C. C. Young. Senator King has been identified with state politics for a number of years and is the author of the King tax bill passed by the Legislature in 1921, which revised the taxation on the railroads of the State of California.

The appointment of Senator King to the position at Sacramento is regarded as a recognition of San Bernardino County since the appointee has served this county in the upper house of the Legislature since 1915, leaving the Senate in 1923. He formerly was treasurer of the Patton state hospital.

Relieves State Printer

The appointment of Senator King completes the personnel of the board of control and also relieves Charles A. Whitmore, state printer, of the duties of acting as a member of the state board of control and of being the director of the service and supply division of the state. He has been acting in this capacity for the past six months.

With the appointment of Senator King to the state board of control, there are two San Bernardino County men on that organization. State Controller Ray L. Riley is from Colton and also is a member of the board of control. Senator King was elected to his second term in upper house of the Legislature while he was serving in

SO. CALIF. FAIR SETS ATTENDANCE RECORD ON OPENING DAY

The Southern California Fair at Riverside threw open its gates at Riverside Tuesday morning, and before the night's program had ended a new attendance record had been set for the opening day. Thousands of Southern California children swarmed into the grounds during the afternoon, and the holiday at the Sherman Institute released many of the Indian scholars who also attended the fair.

France with the Y. M. C. A. during the World War.

Takes Up Work At Once
Senator King will take up the duties of his new office immediately.

He left Redlands for Sacramento on Sunday and took over his duties immediately on Tuesday morning.

Although all numbers on the program were generously applauded, the real thrill came when Roman Warren piloted his plane through the bridge in front of the grand stand. Wires strung across the ground bothered him in the attempt, and he has asked the fair directors to remove them. As soon as permission is received to change the wiring this will be done, President Oscar Crowell announced yesterday.

The scope of the cotton and date shows drew words of praise from the many visitors. The two shows have been given a wonderful setting in the agricultural tent, and the exhibit of rare birds nearby adds a scenic effect to the ensemble which is said to be the finest ever offered by the fair association.

Warren is scheduled to perform his bridge dive each afternoon at 5 o'clock. The main attraction at night is the W. H. Rice Water Circus, featuring Mary Wiggins, 18-year-old professional woman high diver of the world.

The Junior Fair is attracting much interest. The exhibits there are on a par with those in the fair proper, and the rivalry is the keenest that has ever been shown. Sunday afternoon a special feature will be the parade of the live stock which has won prizes.

John Henry Lyons of Pasadena, the best known musical man in the country, will conduct a special "sing" the closing afternoon. Fifteen songs are on the program.

Mr. Hawkinson: "Now, in case anything should go wrong with this experiment, we and the laboratory with us would be blown sky high. Now come a little closer boys in order that you may follow me."

PLEAS FOR AID ON INCREASE AS COUNTY GAINS

The number of persons requiring aid from the welfare department of the county is on the increase on account of the large gain in the population of the county, according to Mrs. Maude S. Bell, in charge of the San Bernardino county welfare department. Those needing aid are not local to any community but are scattered over the county.

The greater part of the aid which is being extended at this time is to families where the husband is either dead or is unable to work, and the welfare department is adding the wife and the children, who in many instances have positions doing work about

the various cities and towns in the county. The number of families needing aid from the county on account of the husband and father not being able to support the family is on the increase.

Mrs. Bell stated yesterday that while there are a number of aged persons who are being cared for at the county homes that the number of older people asking for aid seems to be on the decrease probably owing to the fact that relatives come to their assistance to prevent them from becoming county charges.

Special attention is being given by the department to the younger persons who have been made wards of the juvenile court and who are incapable of making sufficient money to earn a living. In these cases they are given aid by the welfare department in order that they may be kept within the bounds set by the court. The number of indigents coming into the county from other counties and from outside the state is small.

OPEN EVENINGS

CHURCH GUILD WILL MEET ON MONDAY

Members of the Woman's Guild of St. Mark's Episcopal church will hold their first fall meeting on Monday at the church, with the president, Mrs. W. W. Phipps, presiding. A great deal of business has accumulated during the vacation months and every member is asked to be present. Committees for the year will be appointed at this meeting and plans outlined for the fall and winter work.

HOUSE GUEST INCENTIVE FOR CHARMING AFFAIR

A lovely affair of tomorrow, and one that will honor Mrs. Edwin Hilderbrandt of Sedalia, Missouri, is the charmingly appointed bridge luncheon, that will be given by Mrs. E. R. Son at her home near Camp Baldy. A golden note will dominate the decorations and table appointments tomorrow, the hostess having chosen a profusion of golden rod for her flowers. Lunch will be served at twelve-thirty o'clock and will be followed by an afternoon of auction bridge.

Covers at the luncheon table will be indicated for the honoree, Mrs. Hilderbrandt and Mrs. James Loch, Mrs. Roy Farmer, Mrs. Richard Manley, Mrs. Harry Plum, Miss Ethel Leeke, Mrs. James G.

Sprecher of Los Angeles and the hostess. Mrs. Hilderbrandt, who is a niece of Mrs. Son, arrived in Upland a few weeks ago and since her arrival here she has been the incentive for many smart affairs. On Tuesday Mrs. Son entertained in her honor, a bridge luncheon featuring the affair and twelve guests being invited to meet Mrs. Hilderbrandt.

MR. AND MRS. BARKER GRACIOUS HOSTS

Mr. and Mrs. W. D. Barker had as their guests over the week-end at their home, 650 Euclid avenue, Mr. and Mrs. Ralph Barker of Santa Ana. On Saturday the hostess and their guests motored to the Los Angeles county fair at Pomona where they spent the day and where they were joined by Mr. Roy W. Barker.

On Sunday a delightful day was spent in Los Angeles where all enjoyed a matinee performance of "The King of Kings," which is showing at Grauman's Chinese Theatre at Hollywood, and later they motored to the Shrine Auditorium for the evening.

This evening, Mr. and Mrs. Barker are presiding at a smartly appointed dinner at their home, which will compliment Mr. and Mrs. William Harkey of Sacramento, who are visiting in the Southland.

SMART DINNER PARTY HONORS BIRTHDAY

Complimenting her son, Paul, who celebrated his nineteenth birthday anniversary, Mrs. J. E. Paquin presided at a smartly appointed dinner party at her home

on East Ninth street last evening. A charming color motif of pink and white, expressed with carnations and ferns, was used with artistic effect throughout the rooms, while a beautiful decorated birthday cake, a top of which gleamed nineteen lighted candles centered the dining table. Dainty favors added a further color note to the table and a delicious four course dinner was served at seven o'clock.

A delightfully informal evening rounded out the happy affair and among those invited to dine with the honoree were Mr. and Mrs. J. S. Larson and their children, the Misses Melya, Annabelle and Christine Larson, and Master Jimmie Larson; Miss Olive Sturges, Miss Gertrude Relph, Mr. Clovis Paquin and Mr. and Mrs. Paquin the hosts.

ROTARIES AND LADIES TO ENJOY MEETING

Members of the Ontario and Upland Rotary Clubs with their ladies are to join in an evening meeting tonight at the new American Legion Home, the Ontario Club sponsoring the event.

Each year the clubs have two dinners, one at the annual district conference sponsored by the Upland Club and the other at home sponsored by the Ontario Club.

President Biakesee and his committee have completed special features for the evening's entertainment.

Tom: "Have you bought your girl a question book?" Jerry: "Say, the only book that's got the answers to her questions is a check."

CITY WATER DEPT.

large extent, for they realized as no one else that the city faced a crisis which had to be solved. In September, Superintendent Manley made a report to the council on conditions in the water department and News readers will find it of considerable interest for therein is told the result of the development of the water department thus far.

September 1, 1927. To the Honorable Board of Trustees of the City of Upland, Calif.

Gentlemen: The auditor's report of June 30, 1927, shows that the water department was not only self supporting last year, but made a small profit above depreciation and interest. This is better than we had anticipated in the beginning for we estimated that it would be self supporting by the time the first bonds were due in October, 1932. However as the revenue increases, the profit can be used to advantage in bettering the system, by building larger reservoirs, extending the mains as new territory is opened up for

subdivision and by obtaining additional water from new wells. Even though a greater amount of water was used last year than the year before our expenses decreased. This was due to the fact that last year we had our own water and did not need to rent extra water and also to the automatic equipment installed at the pumping plants.

During the time we have had the system we have installed 278 new meters, which is an average of about 75 meters each year. We have increased the pressure in various parts of the city so that now there is very little variation during the day and night. We have developed sufficient water to supply the cities needs for several years to come. We have increased the number of fire hydrants from 66 to 127. Built a new reservoir on 22nd street to decrease the excessive pressure on Euclid avenue and to supplement the reservoir on 26th street. We have installed about 11 miles of pipe line consisting of 24,046 feet of 12 inch cement pipe; 7,750 feet of 12 inch steel pipe; 2,415 feet of 8 inch steel pipe; 4,722 feet of 6 inch steel pipe; 14,957 feet of 4 inch steel pipe; 2,457 feet of 2 inch steel pipe; 56,347 feet total.

To do this work we have used all the bond money voted for this purpose and approximately \$25,000 besides and I have shown below just how this money was spent.

Bond Money Available

Two tourists on passing a farm saw a hay shed on fire, and the first man said: "John, of what three writers does that remind you?" "Dickens, Howitt, Burns."

Red Riding Hood: "What big ears you have, grandmother." Grandmother: "Yes, this boyish bob shows them up frightfully."

Respectfully submitted, R. C. MANLEY.
